

Furniture Manufacturing and Distribution Industry

Our conveyors move your products within a production line and from truck to dock. Our stretch wrappers can automatically wrap your furniture to streamline your shipping process.

WHY CHOOSE DOVERCO FOR YOUR OPERATIONS?

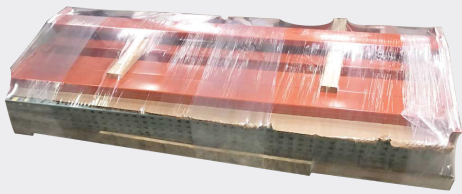

Today's leaders of the furniture manufacturing industry have to face unique needs in operations.

We understand that you have to safely ship your products to consumers while implementing new ways to maximize productivity and eliminate damage in transit.

At Doverco, we can help reduce your overall packaging costs from the machinery used to package your products, the materials used in shipping, the replenishment of your supplies to special packaging needs.

Improve productivity, reduce cost, and minimize rejects in your operations.

We deliver proven value. We can help you unlock the hidden profitability in your operations. We've done it for more than 1500 businesses. We can do it for you too.

ORBITAL STRETCH WRAPPING

Wrap products of several lengths, diameters and shapes.

TURNTABLE STRETCH WRAPPING

Wrap safe-to-ship loads. Perfect containment force.

BAGGING SYSTEMS

Process and ship your orders faster.

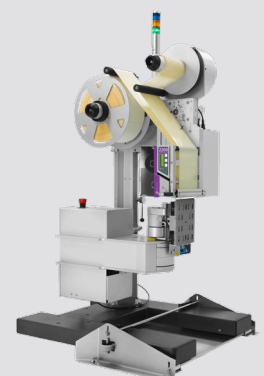

CONVEYORS

Move any light, medium or heavy load.

PRINT AND APPLY LABELING

Efficient solutions for all case and pack labelling requirements.

Enabling Custom Solutions

Solutions for better costs and productivity

No matter your industry Doverco packaging solutions could be combined with automatic inventory restocking, order management solutions and preventive maintenance programs to improve your operational efficiency.

Inventory Management Program

Get packaging supplies at your location on consignment. Replenish your packaging supplies on an agreed time cycle. Smooth your budget in line with your consumption.

Core Advantage Program

Customize your online ordering in your organization with, or without pricing shown. Get a requisition system to control costs that can funnel all requests to an authorizer. Control and track your expenses in the way that suits your business model.

Preventive Maintenance Program

Reduce machine downtime. Prevent unexpected machine breakdowns. Minimize unnecessary machine repair costs. Maximize your equipment's resale value. Get preferred rental and loan rates.

720° Analysis

An in depth packaging performance and purchasing pattern study
