WHY THE SYNTHESI STRETCH WRAPPER?

BEST VALUE FOR MONEY

SYNTHESI is an economical and easy to operate stretch wrapping machine, which is equipped with a film carriage FM / FE and OPRS. Enables you to own a POWER PRE-STRETCH machine for an affordable price. This model has a high demand by those users

wrapping limited pallets per day, and still interested in achieving low cost of ownership. SYNTHESI answers those needs. Already supplied as a fully equipped machine, many options are available for installation, in order to make this machine become your best partner in logistics.
